Framework of activities of capitalisation of results

During the 2013 it were organized 2 events of capitalisation of results regarding the following themes:

- tourism (in October in Ferrara) and
- health and bio-medical (in Gorizia in December).

http://www.ita-slo.eu/capitalisation_of_results/

Having regard with the projects funded by the Program in the field of innovation and R&TD, two tailored meetings between LP were organized in May and June 2014 in order to present to the Steering Committee the added value and contribute to the evaluation of new programming period.

Workshops for capitalisation of results by means of convergence of indicators and objectives

Aggregation and segmentation of projects in the following thematic areas:

I. Building business eco-system and business models for innovation,

(coordinated by Carlo Bagnoli & Filippo Prativiera - KNOW US)

II. Networking and knowledge management platform to share and integrate knowledge, including IP & business strategy in SMEs;

(coordinated by Claudio Di Giorgio - ICON & Roberto Santolamazza - IP4SMEs)

III. Demand pull or user-driven innovation in different sectors as tourism, (local) agro-food; biomedical; energy and environment; construction etc.;

(coordinated by Vasco Boatto & Giovanni Cargnello - WINENET)

IV. Technology transfer.

(coordinated by Giovanni Deninno - CITIUS & Sabina Passamonti - TRAN2CARE)
