2007-2013

cooperazione territoriale europea
programma per la cooperazione
transfrontaliera

Italia-Slovenia

evropsko teritorialno sodelovanje
program čezmejnega sodelovanja

Slovenija-Italija

Investiamo nel
vostro futuro!

Naložba v vašo
prihodnost!

www.ita-slo.eu

Progetto cofinanziato dal Fondo europeo di
sviluppo regionale

Projekt sofinancira Evropski sklad
za regionalni razvoj

Transboundary basin Thematic table

Projects in ITA-SLO Programme working on
Soca River Basin focused on managing and
planning topics.

Transboundary basin Thematic table

Marco Gamba

Engineer @ Alto Adriatico Water Authority AAWA

Project manager for AAWA in CAMIS

River basin plan/ hydraulics risk / hydrodynamic
model / Morphological aspects

Transboundary basin Thematic table

Capitalisation process aims:

- to enable projects to exploit and consolidate one another's achievements;
- to enhance the visibility and impact of both projects and Programme;
- to valorise the common knowledge base will allow to derive inputs and recommendations in view of the upcoming programming period

Transboundary basin Thematic table

Starting from some KEY WORDS the table will focus on WHO and HOW to realize the objectives

Two or more GROUPS will be proposed if number of participant is relevant

(>> 10 pp)

(5-6 pp/group)

Transboundary basin Thematic table

Results from Projects CAMIS, ASTIS,
GOTRAWAMA,.. Suggest some K-Words

Ecosystem service

Transboundary water

Ecological flow

Drinking water safeguard zones

Early warning systems

Transboundary basin Thematic table

Ecosystem service

Can the Soca-Isonzo river basin represent an “Ecosystem service”?

Which kind of uses can yield human wellbeing?

Only Mountain part or also plan part of the basin?

Regarding the projects ITA-SLO, which results can be an example?

Ecological flow

The EU directives and quality aspects

Transboundary basin Thematic table

Transboundary water

"Cross Border water" as an opportunity to increase knowledge, correct use, quality, ...
Ecological flow

Drinking water safeguard zones

The new data and experiences suggest more caution

Early warning systems

an approach or a necessity for risk defence?

Transboundary basin Thematic table

Selection of 1 to 3 kwords to work on

Group / Groups will analyze the meaning of the kwords thinking WHO can play a role and HOW to get the goal

If more than 1 group a spokesman for each group will be “individuated”
