

IMPLEMENTATION REPORT FOR THE EUROPEAN TERRITORIAL COOPERATION GOAL

PART A

IDENTIFICATION OF THE ANNUAL/FINAL IMPLEMENTATION REPORT

CCI	2014TC16RFCB036
Title	(Interreg V-A) IT-SI - Italy-Slovenia
Version	2015.0
Date of approval of the report by the monitoring committee	20-May-2016

2. OVERVIEW OF THE IMPLEMENTATION OF THE COOPERATION PROGRAMME (ARTICLE 50(2) OF REGULATION (EU) NO 1303/2013 AND ARTICLE 14(3)(A) OF REGULATION (EU) NO 1299/2013)

Key information on the implementation of the cooperation programme for the year concerned, including on financial instruments, with relation to the financial and indicator data.

The Cooperation Programme (CP) was approved on December 15th, 2015 and it was the result of a long process of negotiation with the all parties involved in it, as described below.

The phase of programming started in May 2013 and finished in July 2015 when the final text of the CP was approved by the Task Force of the Programme by written procedure (No 8).

The main 2014-2015 activities in drafting and approving the CP were:

- The territories have been involved in the identification of Programme Strategy through a consultation process.
- **13 Task Force plenary meetings.** On May 31th, 2013 a temporary working unit called “Task Force” composed by the Institutional partners of the Programme (Representatives of the Republic of Slovenia and Italy, Region of Friuli Venezia Giulia, Region of Veneto and European Commission) is set up in order to prepare the contents of the CP and supervise the programming procedures.
- **10 meetings of the Technical Working Group** establish by consensus by the Task Force, according to its internal Rules of Procedures.
- **8 Written Procedures**
- **2 invitations** by the European Commission in Brussels (5th and 20th March 2015)

The Task Force, after a long and complex negotiation process defined the contents of the programming documents: the eligible area of the Programme, the confirmation of the Managing Authority, the Thematic Objectives, the list of activities to be financed by the Programme; the types of projects (standard, strategic and ITI projects) and the relative financial allocation; the indicators; the main elements of the management and control system of the Programme; the measures to be taken for the procedural adjustment of e-cohesion and simplification of the Programme implementation.

The Task Force decided to use the ITI (Integrated Territorial Investment) approach in compliance with Art. 36 of the Regulation (EU) No 1303/2013. ITI will constitute a significant implementation instrument for the area which comprises the municipalities of Gorizia, Nova Gorica and Šempeter-Vrtojba. The ITI will be managed and implemented by the Office for Intermediate Body (OIB), a separated and functional independent Unit of the GECT GO/EZTS GO that will act as intermediate body in line with the provisions of Art. 11 of the Regulation (EU) No 1299/2013. The total funding allocated to ITI actions is € 10 million.

With regards to the preparation of the CP, from June 2014 to April 2015, the Task Force was supported by external technical assistance experts of the Italian society MERIDIANA ITALIA srl which issued some relevant documents for the programme period 2014-2020.

From December 2013 to July 2015, the Task Force was also supported by external experts of the Temporary Association of Companies Greta Associati - MK Projekt d.o.o. in defining and building the strategy of the CP.

In order to speed up the implementation of the Programme, the Managing Authority (MA) published a public tender for external technical assistance to the Managing Authority in the Official Bulletin of the Autonomous Region Friuli Venezia Giulia on December 12, 2014. The contract was signed in December 3, 2015.

The main 2015 steps for approving the CP were:

- **July 27th, 2015.** The proposal of Cooperation Programme was first submitted via SFC2014 to the European Commission.
- **October 26th, 2015.** The European Commission made its observations and the Cooperation Programme was revised including all additional information requested.
- **October 30th, 2015.** The revised Cooperation Programme was submitted again to the European Commission.
- **December 3rd, 2015.** The European Commission sent outstanding comments asking for minor changes on the second CP proposed.
- **December 4th, 2015.** The revised Cooperation Programme was submitted again to the European Commission for the approval.
- **December 15th, 2015.** The European Commission approved the CP with Decision C (2015) 9285 of 12.15.15.
- **December 21th, 2015.** Official notification of CP approval received via SFC2014.

In the light of the 2007-2013 mid-term evaluation reports and ex-ante evaluation of the Programme 2014-2020, the CP approved by the European Commission focussed on the **thematic concentration** as follows:

- TO1: Strengthening research, technological development and innovation.
- TO4: Supporting the shift towards a low-carbon economy in all sectors.
- TO6: Preserving and protecting the environment and promoting resource efficiency.
- TO11: Enhancing institutional capacity of public authorities and stakeholders and efficient public administration.

After CP approval, no other major Programme implementation steps were reached in 2015.

With regards to the **Programme authorities and structures**,

- **on June 10th, 2013** the Managing Authority in Friuli Venezia Giulia Autonomous Region is confirmed by the Task Force.

- **In 2013** started the negotiation phase for the establishment of Joint Secretariat (JS). Afterwards, two selection notices for the JS staff were published on January 4, 2016 in the Official Bulletin of the Autonomous Region Friuli Venezia Giulia. The deadline for application was on February 16, 2016. The establishment of JS will be provided by Summer 2016

The main activities carried out after the approval the CP were

- **since December 2015**, all the activities regarding the process for the publication of the first call for standard project proposals have been set up and will start fully in 2016 with the elaboration of different documents, as listed below:
 - Application form (e-version);
 - Manual on Eligibility of Expenditure;
 - Methodological Note on Result and Output Indicators;
 - Selection Criteria;
 - Guidelines for on line Application Form;
 - Assessment Manual;
 - Template of Partnership Agreement;
 - Template of LP and PP Statement;
 - Template of Subsidy Contract.
- **in January 2016** the designation procedures related to the Monitoring Committee (MC) members will start.
- **in January 2016** the work for elaboration of the online Monitoring tool “FEG” (Front-End Generalizzato) which will allow applicants to submit their applications under the first call for proposals. The online Monitoring tool “FEG” is still under construction and it will finalized for the launch of the first call for standard projects’ proposals in June 2016.
- in the second Monitoring Committee (20 May 2016), a e-Cohesion progress report was presented giving detailed confirmation of implementation of regulatory requirements (article 122(3) of the Regulation no 1303/2013 and on the Commission's Implementing Regulation no 1011/2014) with regard to the Programme e-Cohesion system put in place (please refer to the e-Cohesion progress report for details). The electronic exchange of data has been put in place for the implementation of the on line monitoring tool FEG as described in section “overview of the implementation” (point 5.1., TA).

3. IMPLEMENTATION OF THE PRIORITY AXIS

3.1 Overview of the implementation

ID	Priority axis	Key information on the implementation of the priority axis with reference to key developments, significant problems and steps taken to address these problems
1	Promoting innovation capacities for a more competitive area	The Programme was only approved in December 2015 and the implementation of this priority axis did not start during the 2015 year. The first call for standard projects will be published in June 2016. So it is not possible to report on key developments and significant problems. The Joint Secretariat will have an insight into the implementation of this priority through the assistance to applicants and the applications submitted during the first call.
2	Cooperating for implementation of low carbon strategies and action plans	The Programme was only approved in December 2015 and the implementation of this priority axis did not start during the 2015 year. The first call for standard projects will be published in June 2016. So it is not possible to report on key developments and significant problems. The Joint Secretariat will have an insight into the implementation of this priority through the assistance to applicants and the applications submitted during the first call.
3	Protecting and promoting natural and cultural resources	The Programme was only approved in December 2015 and the implementation of this priority axis did not start during the 2015 year. The first call for standard projects will be published in June 2016. So it is not possible to report on key developments and significant problems. The Joint Secretariat will have an insight into the implementation of this priority through the assistance to applicants and the applications submitted during the first call.
4	Enhancing capacity building and cross-	The Programme was only approved in December 2015, and the implementation of this priority

So it is not possible to report on key developments and significant problems. The Joint Secretariat will have an insight into the implementation of this priority through the assistance to applicants and the applications submitted during the first call.
5	Technical Assistance	<p>The preparation of the Interreg V-A Italy-Slovenia programme was financed from the 2007-2013 CBC Italy-Slovenia 2007-2013.</p> <p>Activities focused on organisation of Task Force/Working Groups meetings in particular.</p> <p>The negotiation phase for the establishment of Joint Secretariat (JS) among Member States started in 2014. Afterwards, two selection notices for the JS staff were agreed and published on January 4, 2016 in the Official Bulletin of the Autonomous Region Friuli Venezia Giulia as well as on the Slovene and Programme website. The deadline for application was on February 16, 2016 and the selection of the 5 candidates that will compose the JS concluded on April 18th, 2016. The JS formal establishments will be concluded by July 2016.</p> <p>The Managing Authority published a EU public tender for external technical assistance to the Programme in the EU notice, on the Official Bulletin of the Autonomous Region Friuli Venezia Giulia and on the Programme website on December 12, 2014. The awarding procedure concluded with the signature of the contract in December 3, 2015. The group of experts officially started their support to the Programme in January 2016, in order to speed up the publication of the first call for proposal.</p> <p>The online Monitoring tool on line FEG (Front-End Generalizzato) will be used to draft and submit applications. All the work for elaboration of on-line application have already started in December 2015 and the front end application has been completed.</p>

(1) ERDF support is the Commission decision on the respective cooperation programme.

(2) In accordance with and subject to ceilings set out Article 20 of Regulation (EU) No 1299/2013.

4. SYNTHESIS OF THE EVALUATIONS

In accordance with Articles 56 and 114 of the Regulation (EU) No 1303/2013, the Managing Authority will draw an evaluation plan for the Programme. One or several evaluations will be carried out to assess effectiveness, efficiency and impact of the Programme.

No evaluation have been done in the period of this Report as the Programme was adopted on December, 15th, 2015.

5. ISSUES AFFECTING THE PERFORMANCE OF THE PROGRAMME AND MEASURES TAKEN

(a) Issues which affect the performance of the programme and the measures taken

Due to the long process of negotiation which finally ended with the approval of the Cooperation Programme (CP) in December 2015, the Programme must face several challenges that may affect its performance in the 2016 year which shall be closely monitored.

The most important challenge is related to the opening of the first call for standard project proposals. Many parallel preparation activities were carried out during 2014-15. The main challenge for the Programme is therefore to reach an agreement among Programme Partners in order to launch the first call for standard projects in June 2016 and the selection procedure with the first selected operations will conclude at the end of the 2016.

In 2016 the MA and Programme Partners will enhance the meetings and actions towards a common agreement about the documentation of the first call.

The following measures will be adopted to foster the implementation process:

- Learning from previous experiences, especially focusing on simplification and standardization of the selection procedures;
- Applying to the possible extent the simplified cost options available for the 2014-2020 period;
- Applying E-Cohesion principles to the overall Programme procedures;
- Simplification of the monitoring system, application procedure and reporting.
- Using of the Harmonized Implementation Tools (HIT) and other projects developed by the INTERACT Programme in cooperation with ETC Programmes in order to simplify and streamline Programme implementation among them.

(b) OPTIONAL FOR LIGHT REPORTS, otherwise it will be included in point 9.1. An assessment of whether progress made towards targets is sufficient to ensure their fulfilment, indicating any remedial actions taken or planned, where appropriate.
